

Nikki Raskovic

The Town of New Glarus Parks Commission would like to thank you for your very creative rendition of our new logo. You did a great job of incorporating all of our design elements that we suggested reflecting the history, geography and culture of our rural and historical Swiss Town.

We have incorporated elements of the design in the sign that we have created for our local park and it is highlighted on the cover of our 2011 parks plan that we have recently completed.

We are grateful for your efforts and have included a copy of the Parks Plan cover and a drawing of the sign for you files. Once again we appreciate your efforts and we look forward to showcasing your talent in other Parks Commission projects.
