Re: New Glarus Town Park's Commission

I have enjoyed my appointment to the New Glarus Town Park's Commission as a charter member and the achievements of this commission in the past five and one-half years. However, I feel it is time for me to step down. This will allow others to bring their talents and fresh ideas to the base ideas of the Park's Plan and Park's goals.

I wish the remaining members continued success as they work through solidifying community relationships in the park's and recreation areas. I certainly plan on promoting your good work, volunteering whenever possible, and attending the many interesting workshops you have planned. The New Glarus community of forty years ago has certainly evolved and become a lot more diversified. The current members have the talents and ambition to address these changes.
