Subject: Land Division legal and engineering fees

Dear Bob,

Enclosed is a bill for the legal and engineering costs for the period March 24, 2008 through September 15, 2009 associated with your land division. I have enclosed a printout of the services covered by this bill.

The Town has incurred and paid these costs. According to Chapter 110 of our Code, you are responsible for these costs and need to reimburse the Town at your earliest convenience. Your current escrow account balance is \$2550. If you prefer, we can deduct these fees from your account and you would then owe \$255.

Please contact me to let me know how you would like to proceed.

Sincerely,

Pattie Salter
Clerk-Treasurer, WCMC
